

### **AMENDMENTS TO THE DRAWINGS**

Please enter the substitute sheets of drawing filed herewith and labeled, "Replacement Sheets."

In the Replacement Sheets, in Figure 1, the arrow previously associated with reference numeral 11 has been replaced with reference numeral 27 and a new line has been added with reference numeral 11. The two vertical lines at the flange 10 were extended all the way towards the top to depict the edge of the curved corners as seen in Figure 4.

In Figure 3, the two vertical lines at the flange 10 were extended all the way towards the top to depict the edge of the curved corners as seen in Figure 4.

In Figure 9, the legend for Figure 9 has been moved to be more clearly associated with the entire figure. The line for reference numeral 27 has been corrected and reference numeral 11 has been added. The two vertical lines at the flange 10 were extended all the way towards the top to depict the edge of the curved corners as seen in Figure 4.

Figure 9a has been added showing a ball joint system 27a having a slightly longer shaft 2a than the shaft 3 of the ball joint system 27 shown in Figure 9. Figure 8 has been moved to a different sheet to allow Figure 9 and 9a to be located side by side.
